Technical Parameters:

Parameter	Value
Travel Mode	Crawler
Travel Speed	4.4/2.4 Km/h
Rated Power	43kW
Maximum Digging Depth	4020mm
Machine Brand	Sany
Application	General Purpose
Engine Model	AU-4LE2X
Product Model	SY75c
Maximum Vertical Digging Depth	3290mm
Maximum Digging Radius	6240mm

Applications:

The Sany Excavator is an ideal solution for general purpose excavation projects. Its powerful engine and advanced hydraulic systems make it suitable for a wide range of construction and excavation projects, both large and small. The backhoe bucket form and the maximum digging height of 7060mm make it ideal for accessing hard-to-reach areas. Additionally, its low maintenance and cost-effectiveness make it an affordable choice for a variety of excavation projects.

Packing and Shipping:

Packaging and Shipping
Used Sany Excavator will be carefully packaged and shipped to the customer using the following guidelines:

The product will be securely packaged in a wooden crate
The crate will be reinforced with straps and bubble wrap
The crate will be clearly labeled with the customer name and address
The crate will be shipped via a reputable freight carrier
The customer will receive a tracking number to monitor the shipment
